Finance

The local election cost were £165.59. A cheque was written. The local school has asked if the community council would contribute money towards a new battery for the defibulator which is llocated at the school. The cost of a new battery is £400. Carin Jones said that there was a special box which would hold the defibulator and would cost approx. £130. It was suggested that the defibulator could be relocated onto the school railings where the whole community would have access to it. This was proposed by Carin Jones and seconded by all. The community council would pay for the special box and give £200 donation towards the battery.

Date of next meeting

Tuesday 12th September 2017 at 7pm at Cefn Meiriadog Chapel Vestry.
